

A Simple and the Best School Accounting Software welcomes you.

As you know, there are many departments that play an important role in running a school smoothly. The accounts department is one of the most important departments where all money-related transactions are made. With manual transactions, there are possibilities of errors. It can also be time-consuming and insecure.

These are common problems in every school, and a best school accounting software is a necessity today

After consulting with school directors and educators, I have developed a solution that addresses these issues: SchoolCAS.

SchoolCAS was fully developed under the guidance of school directors and has been tested and approved for its functionalities. Because of their support, I was able to develop the simple and best school accounting software for you.

SchoolCAS is designed to streamline financial processes, ensuring accuracy and security in a fraction of the time it would take using manual methods.

As the developer, I, Deepak K Singh, am thrilled to present SchoolCAS to you and your staff. I believe that this software will not only meet but exceed your expectations for school accounting solutions.

Join the growing number of schools that have embraced SchoolCAS and experience the difference for yourself. Let's enhance the financial operations of your school together with SchoolCAS - because every school deserves the best in accounting solutions.

Few Features of SchoolCAS

Multi Session

You can easily switch sessions, view, and access records of those sessions anytime.

Fastest Fee Deposit

The easy and user-friendly design makes it one of the fastest fee deposit software applications. You may deposit fees in seconds.

Lightweight

The executable file of the SchoolCAS application is only approximately 6MB, making it a very lightweight software that takes up very little space on your computer.

Auto Backup

The SchoolCAS application takes backups automatically, reducing the risk of data loss.

Easy class up gradation

Upgrading the class of students after the completion of a session is easy. It takes only minutes.

Easy Data Transfer

If you use our e-Result application to generate and print progress reports, then it will be very easy to transfer all student data from the SchoolCAS application to e-Result. It takes only minutes.

Introduction to Modules

SchoolCAS has many modules and features. All modules are designed for easy operation and are user-friendly. Here is an introduction to the main modules of SchoolCAS.

Student's Profile

The student's profile is designed with the data requirements of UDISE and E-Shikshakosh in mind. You can export all students' data to Excel with one click.

Class Fee

Class fees, such as Tuition Fee, Transport Fee, Annual Fee, or any other fees, can be applied in seconds to all students imported from an Excel sheet.

Rectification

Whenever any changes occur in the Transport Fee or to give a discount, you can use this module to apply fee rectifications to one student or on a class-wise/route-wise basis easily.

Fee Deposit

The design and operation are very user-friendly. You can view the payment status of students session-wise or for the current month, and deposit the fee in seconds. If you have a Bulk SMS service, then you will be able to send SMS notifications to parents after the fee deposit.

Payment Due Status

You can easily generate the payment due status of students for the entire session or for the current month. You can print the generated report either list-wise or as a slip for each student.

Expenses

Here, you can enter office expenses and export the data to Excel by date, by month, or for the entire session.

Admit Card

You can generate and print the Admit Card here.

I-Card

You can generate a Basic I-Card for students to provide immediately.

Fee Card

Generate and print the Transfer Certificate.

Notice Slip

You can generate and print information about any events or notifications to inform the parents.

Student Summary

Here, you can view the number of students by class (Boys/Girls), Minority Group, Category, etc.

Account Summary

You can view the total income by head, either by date, monthly, or for the entire session.

Payment Terms and Conditions

Initialize Payment: You need to pay only INR 1,000 at the time of installation of the SchoolCAS with a 90-day subscription. Please pay the remaining amount of INR 4,000 within 90 days from the date of installation to continue the subscription for the current session.

If you do not pay the due amount within 90 days from the installation date, the subscription will expire and the service will be discontinued. If you wish to re-subscribe to the SchoolCAS service, you must **re-initialize** the payment of INR 1,000.

Get 10% Discount

If you wish to pay the yearly subscription charge of INR 5,000 in full, you will receive a 10% discount. Therefore, you will get the yearly SchoolCAS subscription for only INR 4,500.

The SchoolCAS does not come alone; it includes several additional benefits for your school.

Get eResult—A CBSE-based progress report software—for a one-time cost of only INR 2,000 (original price INR 5,000). This means there will be no extra charges in subsequent years. You only need to pay the yearly subscription fee for the SchoolCAS.

Bonus Benefit

Get a static website for your school at the cost of only the domain, complete with HTTPS routing, LightSpeed, and SEO optimization.

Pricing
